

PERSONA: Timothy Hawk

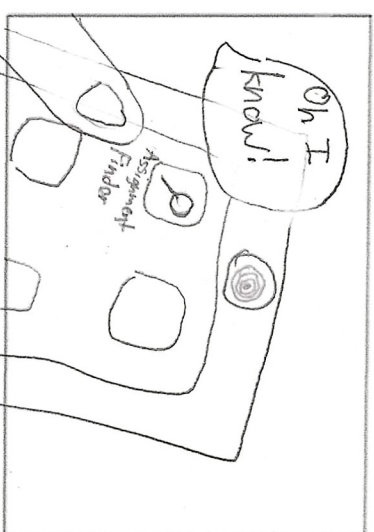

USER STORY/SCENARIO: Timothy's McDonalds Assignment

• Timothy's boss gives everyone of his employees a test online to test their skill.

• Timothy loved to get tested on his McDonalds skills, but doesn't know where the test was,

• Timothy has an app that will help find where the test was.

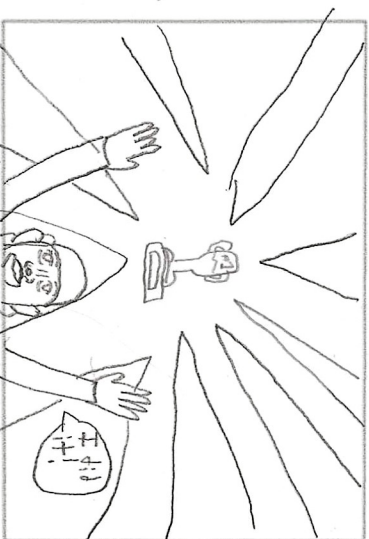

• Timothy found his test and took it.

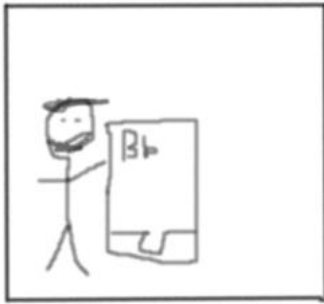

• His boss is announcing the score.

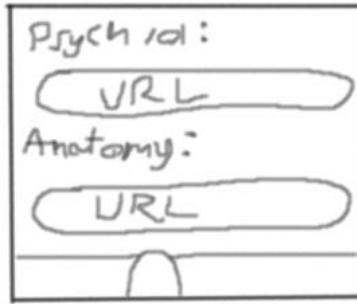

• Timothy got an award for best employee by getting a 100 on the test.

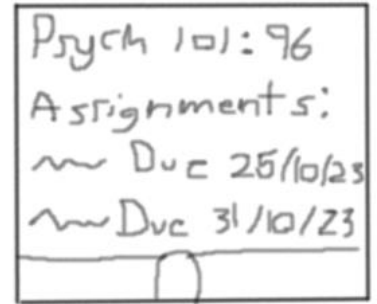

• Timothy was happy with his award thanks to Assignment Finder.

check grades!

All in one
app now!

Checks assign-
ments.

The doctor
is happy!

Chad is frustrated because all of his assignments for his classes are spread apart into different application.

Chad stayed frustrated because he couldn't get his assignments done on time since everything was so spread apart. If only there was a solution.....

After some searching Chad finally found an application that comprises all of his assignments in all of his classes. Chad can finally work now with all his school work comprised into one application and work in peace yet again.
